---

A B-Tech computer science student with a passion for programming is deeply engrossed in the world of coding and software development. With a strong foundation in computer science principles, this individual eagerly explores various programming languages, algorithms, and data structures. Beyond the classroom, they enthusiastically participate in coding competitions, open source projects, and hackathons to further refine their programming skills. This student's future appears promising as they aspire to become a proficient software engineer, contributing innovative solutions to the tech industry's evolving challenges.

## EDUCATION

---

### Graduation:

Lendi Institute of Engineering & Technology (Computer Science and Engineering)

(2021-Now)

CGPA: 8.04

### Intermediate:

Sri chaitanaya junior college

(2019-2021)

Percentage -77

### School (10th class):

Raman vidhya vihar

(2018-2019)

GPA-9.2

## SKILLS & OTHER

---

- |               |              |
|---------------|--------------|
| • Editing     | • C language |
| • Leadership  | • python     |
| • Photography | • Java       |

## CERTIFICATIONS

---

- Java
- Internet of things
- Oracle
- soft skills

## INTERNSHIPS

---

- |                                      |                            |
|--------------------------------------|----------------------------|
